

BarristerLink

Your gateway to efficiency and freedom

Discover a revolutionary platform designed to transform the way clerks, barristers, solicitors, and direct access clients connect, collaborate, and thrive.

www.barristerlink.co.uk

"I've been committed to finding better ways for clerks and barristers to work, utilising over 30 years clerking experience and detailed research. There is a need for what we offer, and huge cost and time savings to be made from using our legal tech."

Paul Wright
Founder and CEO

We're redefining legal collaboration and barrister case management.

Key advantages and features for Clerks:

Key Advantages

- **Efficient Management:** Simplify the management of barrister schedules, case assignments, and communication.
- **Enhanced Collaboration:** Improve collaboration with solicitors and clients, ensuring no detail is overlooked.
- **Time Savings:** Automate administrative tasks, freeing up time for more strategic activities.

Features

- **Schedule Management:** Real-time updates and notifications for case enquiries, bookings and invoicing.
- **Document Handling:** Bundle builder according to legal practice direction, secure storage and easy management of important legal documents.
- **Task Automation:** Automate repetitive tasks such as billing and invoicing and taking payment, reducing aged debt.
- **Reporting:** Gain insights with intuitive financial and practice analysis reports, along with straightforward and fair allocation auditing.

Key advantages and features for barristers:

Key Advantages

- **Increased Visibility:** Showcase expertise and availability to a broader network of solicitors and clients, providing increased work opportunities.
- **Streamlined Workflow:** Access all case-related information and communications in one secure place.
- **Client Management:** Efficiently track case progress and client communications with proactive notifications.

Features

- **Profile Customisation:** Create detailed profiles highlighting specialties, experience, and availability.
- **Case Tracking:** Monitor the status of ongoing cases and receive real-time updates.
- **Secure Messaging:** Communicate confidentially with clerks, solicitors, and clients.

How it works

We're here to simplify the legal process, here's how it works in 7 simple steps.

Search: Find work based on hearing, conference, drafting, area of law, court location and date.

List: See available barristers matching selected criteria.

Select: Choose a barrister, negotiate fees, agree, book, and pay.

Communicate: Collaborate securely within the case record.

Complete: Fill out an attendance note and client or solicitor will provide feedback after work is done.

Future Work: Easily book for further work if needed.

Recommendation and introduction: Get connected to other professional services.

"We've created a network platform where direct access clients, solicitors and other professionals work with barristers, easily, promptly and securely."

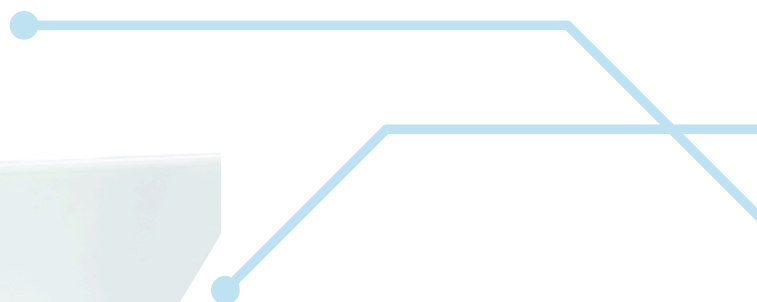

Key advantages and features for clients:

Key Advantages

- **Work Opportunities:** Clients and solicitors can easily find and select the best barrister for their needs based on availability, matched profiles and reviews.
- **Transparency:** Track case progress and stay informed about important updates and developments.
- **Convenience:** Manage all aspects of your legal case from one intuitive platform.

Features

- **Barrister Directory:** Search and filter barristers by expertise, location, and availability.
- **Case Dashboard:** View case status, important dates, and document submissions in one place.
- **Communication Tools:** Direct messaging between clerk, solicitor, client and barrister and receive timely responses.

Features

Unlock a suite of powerful features.

Bundle Builder: Simplify case preparation effortlessly.

Real-Time Availability Check: Instantly find barristers available for your needs.

Secure In-Case Management: Protect sensitive information in a secure environment.

Faster Payments: Streamline financial transactions.

Diary and Notifications: Stay organised with upcoming booking alerts.

Communication Tools: Messaging within the case record for secure collaboration

Key advantages and features for solicitors:

Key Advantages

- **Streamlined Collaboration:** Enhance collaboration with barristers through seamless communication and document sharing.
- **Access to Expertise:** Quickly find the right barrister for your cases, improving outcomes for your clients.
- **Efficiency:** Reduce administrative overhead with integrated tools for case management, invoicing, payment and scheduling.

Features

- **Advanced Search:** Locate barristers by specialisation, experience, availability and court location.
- **Document Management:** Upload, share, and collaborate on case documents securely, creating court bundles easily.
- **Integrated Calendars:** Sync schedules with barristers and clients to avoid conflicts and ensure smooth proceedings.
