**REMEDIATION** – we will assist you with any missing policies, process documents or training material, ensuring they meet LOCS:23 requirements.

**ACCREDITATION** – we will award LOCS:23 accreditation leaving you to push on to full certification if desired.

**CERTIFICATION SUPPORT** – we will support you through your engagement with the Certification Body.

**2TENTY4  
CONSULTING**

## WHY USE 2TENTY4 CONSULTING?

Well for starters we wrote the LOCS:23 standard!

We worked with the ICO over a 2 year plus period to have LOCS:23 approved as an Article 42 GDPR Certification Scheme that would enable an organisation to officially state UK GDPR compliance.

In addition, LOCS:23 was piloted with both a top 25 law firm and a leading software vendor to ensure it could be practically applied.

Whilst there are other top class consultancies out there who can help firms on their LOCS:23 journey we like to think we are the experts.
